RE: MAKER SPACE

by The RE-CREATORS 

The **RE: MAKER SPACE** aims to foster an inclusive, diverse and friendly culture for all members. Our Code of Conduct outlines our expectations for community behaviour which are important to keep in mind.

If you see any behaviour contrary to our Code of Conduct, you are encouraged to politely remind those involved that it is not appropriate. In addition, you should report any incidents.

Respect

It is important to treat everyone with respect and consideration at all times. This includes being respectful to other members, guests, staff, volunteers and our facilities. Always be considerate in how you treat others.

Inclusive environment

The Re:Maker Space is a safe space for everyone. Any sort of discrimination, marginalisation, or similar, based on a protected personal characteristic, is strictly prohibited. Things like sexism, racism, ableism, religious or political persecution, and homophobic or transphobic behaviour (non-exhaustive list) are not tolerated at any time. Any other behaviour not listed above that makes someone reasonably feel uncomfortable or discriminated against is also not tolerated.

Abuse and Violence

Abuse and violence of any kind are strictly prohibited. This includes verbal/physical assault, harassment, or intimidation. We have a zero-tolerance policy for abuse and violence.

Honesty

Honesty is an important aspect of any community. We know that sometimes not everything goes to plan, and accidents do happen. However, it's always better to be upfront about something, even if it means admitting you did something wrong.

Being honest is always the right thing to do, and any sort of dishonesty (including lying by omission, etc.) goes against this code of conduct. If you leave a mess, break a tool, or do something wrong, please let us know before we find out.
